

BIRO Big

BIRO BIG

WWW.GOKARTS-ATVS.COM

Birò Big, the first 100% electric, 4-wheeled personal commuter with removable battery and a comfortable 300-liter storage space. Perfect to travel freely in the restricted traffic zones of many cities and to park easily in scooter spaces.

I'm Easy. **BIRÒ**

Drive small, think Big.

Now Birò is even bigger, thanks to a wider storage space, high levels of safety and freedom. Birò Big is equipped with a comfortable rear storage space that exceeds the 300 litres and this allows you to move with all the things you need. Maximum freedom for a total driving vision: Birò Big has a cabin with wide transparent surfaces which offer you wide views, guaranteed in any condition by the defrost grid windscreen. The roof can be opened and the side doors removed to allow light and air in during the hottest seasons.

Enjoy the city, Birò Big is the personal commuter for anyone who has clear ideas about mobility.

300 LT

* With maxi battery.

Free to Move.

Birò Big is the solution for your daily commutes, a four-wheeled electric vehicle that saves you time and stress, combining work and leisure. With Birò Big, inner-city traffic is no longer a problem. Its compact dimensions allow for easy parking in scooter spaces and easy access to the restricted traffic zones of many cities. Equipped with useful internal compartments, Birò Big has been designed to be small yet sociable with two seats, side by side, so you can travel with whomever you choose.

1 Birò Big = 1 scooter space

4 Birò Big = 1 standard parking space

Less is more.

Fun and comfortable, Birò Big is keyless and uses Birò Card to open the driver side door and start the engine. Birò Big is fitted with two brushless 100% electric motors to guarantee zero emissions, zero noise pollution and zero petrol consumption. There are so many advantages to a personal commuter that is small, practical and intelligent.

Recharge your Energy.

Easy move and Re-Move.

Birò Big's energy is always with you, because it is the only 4-wheeled personal commuter to be fitted with the Re-Move removable battery system. Once your Birò Big is parked, it is easy to remove the battery unit and take it to your house, your office, or wherever is most convenient, to recharge your batteries with ease, meaning that you can drive further in a single day. This is a very useful system if you don't have a personal parking space, but it also helps you to organise your travel as efficiently as possible.

Power of Freedom.

Which type of energy works best for you?

Now you can choose the battery whose battery life and recharge time suit your lifestyle, and your personal travel requirements.

LITHIUM Re-Move (removable)

Battery life: up to 55km*
Charge time: max 2-4h
Allows partial recharge
Absorption: 1.200W

LITHIUM MAXI

Battery life: up to 100km*
Charge time: max 3-6h
Allows partial recharge
Absorption: 1.200W

* may vary according to temperature, driving style, type of route and weight.

Small but spacious.

Birò Big is equipped with:

- new rear roto-moulded structures
- transparent rear door
- transparent side windows
