

EC-DUMP

2-SEATER ELECTRIC DUMP TRUCK

**Passenger Capacity:**

2 Passengers

Ground Clearance (mm):

140

Top Speed:

32/40(AC)

Rear box:

Steel and FRP are both available

Range (loaded) based on flat road at a speed of 20km/h (km):
>70-90km depends of DC/AC system setting

Battery:

Deep cycle, lead acid battery, Trojan brand, imported

Minimum turning radius (m):

4

Charger:

Input 110V-240V~50Hz-60Hz, output 48V, 25A

Max. climbing ability:

20%/25%(5KW motor)

Brake system:

4-wheel hydraulic brake + foot activated parking brake

Rear box dimensions(mm):

1250x1270x1060

Front Suspension system:

Independent suspension, helix spring + shock absorber

Overall dimensions (mm):

3750X1400X1810

Rear Suspension system:

rear plate spring + shock absorber

Controller:

Curtis brand, Separate/Series excited, imported

Wheel & Tyre:

20.5x8.0-10 tire, 6J-10 steel wheel, wheel cap

Motor Power:

3.8KW/5KW DC or 3.8KW AC
