

EC-EG6010F

4-SEATER ELECTRIC FIRE TRUCK

Passenger Capacity:

4 Passengers

Body:

Fibreglass

Top Speed:

32

Rear box:

Aluminum box + rolling door

Range (loaded) based on flat road at a speed of 20km/h (km):
>60

Battery:

8xT105(185Ah@5hr rate)

Minimum turning radius (m):
3.8

Charger:

China origin, input 110V-240V~50Hz-60Hz, output 48V, 22A

Max. climbing ability:
20%

Brake system:

Four wheel hydraulic drum brake+hand parking brake

Max. loading weight:
400kgs

Front Suspension system:

Independent suspension, helix spring + shock absorber

Frame:

Welded steel framework with s and blasting+paint treatment

Rear Suspension system:

rear plate spring + shock absorber

Controller:

Curtis 1204(275A@2minutes)

Wheel & Tyre:

r20.5*8-10 with 6J-10 steel rim with wheel cap

Motor Power:

3.8KW Chinese motor
